

■ Camo Cam 3250 **HD** Surveillance Camera

The Farmscan Ag Camo Cam HD is the ultimate in farm surveillance. Small, compact & portable it's a great edition to reduce farm theft on your property. Unsuspecting thieves can be caught in the act stealing your fuel, tools & other farm property.

The camera is designed to be mounted on a post or tree and is only activated when motion is detected. The BLACK glass allows for the IR (Night) lenses remain undetected during night shots.

The Camo Cam runs on 8x AA batteries and comes with a 16GB SD Card for recording images or videos. We recommend lithium batteries for extra battery life while in standby mode.

Includes 16GB SD Card

Requires 8x AA Batteries

Optional Solar Panel Kit
